Set on the desert planet Arrakis, Dune is the story of the boy Paul Atreides, who will become the mysterious man known as Maud'dib. He will avenge the traitorous plot against his noble family - and will bring to fruition humankind's most ancient and unattainable dream.

A stunning blend of adventure and mysticism, environmentalism and politics, Dune won the first Nebula Award, shared the Hugo Award, and formed the basis of what is undoubtedly the grandest epic in science fiction.
